

Harnessing Cloud Services for Ethiopia's Digital Transformation: Applications, Challenges, and Future Prospects

Presenter

Dr. Ephrem Teshale Bekele

Assistant Professor of Electrical and Computer Engineering, Addis Ababa University

Chief Technical Officer, Zergaw Cloud

February 07, 2025

At 11:00 – 12:00EAT (Ethiopia)

10:00 – 11:00 EET (Finland)

9:00 – 10:00 CET (Sweden)

Venue: <https://aalto.zoom.us/j/63191991921>

Abstract:

Cloud services have revolutionized industries worldwide, offering scalable, cost-effective, and innovative solutions for IT operations, data management, and business transformation. In Ethiopia, cloud adoption is still in its early stages, yet it holds immense potential to drive digital transformation across key sectors such as banking, transportation, education, healthcare, and electronic government services. This seminar will explore the current landscape of cloud services in Ethiopia, highlighting their applications, benefits, and the challenges hindering adoption. Additionally, it will discuss strategic opportunities to accelerate cloud integration and maximize its impact on the country's digital economy.

Presenter Bio:

Dr. Ephrem Teshale Bekele is an Assistant Professor of Electrical and Computer Engineering at Addis Ababa University and Chief Technical Officer of Zergaw Cloud, specializing in cloud computing, data systems, and IT infrastructure. With over a decade of academic and industry experience, Dr. Bekele has contributed extensively to research and capacity-building projects in Ethiopia. His work focuses on leveraging emerging technologies to address local challenges and drive digital transformation in developing countries.
